

ALOHA HUMBOLDT

Chile Verde Hybrid

CULTIVATOR NOTES

This exceptional cultivar, bred by HBK Genetics, was awarded first place at the famed Emerald Cup in 2018 for the personal use category! With Chile Verde's background genetics of OG Kush x {(Girl Scout Cookies x Key Lime Pie) x Lavender} it's no surprise that this beautiful cultivar is terpene rich, delicious, and a pleasure for the seasoned cannabis connoisseur. Linsey of Aloha Humboldt was gifted these seeds in 2018 at the Advanced Regenerative Cannabis Cultivation Class at Area 101. This particular pheno was selected at Aloha Humboldt in 2019, and a limited release has been sent to L.A. exclusively through The Higher Path. Eric Minor, founder of HBK Genetics, is a second generation cannabis farmer that picked up his craft from his father. He always gets a laugh when telling people that HBK stands for Half Baked Kids. Eric's life passion is to continue his family tradition of craft cannabis cultivation and is focused on breeding exceptional cultivars with rare terpene expressions. Chile Verde has a very unique terpene profile that is spicy, herbal, savory, and complex, with a hint of citrus and a fuel finish.

THC/CBD
29.9%

BREEDER
HBK Genetics

WINE PAIRING
Beaujolais

FOOD
Chicken tacos

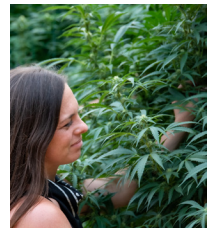

EFFECTS
Relieves tension

MY NOTES

ABOUT ALOHA HUMBOLDT

Aloha Humboldt's estate family farm is nestled in the dense forests of northeastern Humboldt on a mountaintop overlooking the Trinity Alps. Owners Linsey and Ryan Jones have been cultivating cannabis together since 1998, giving each plant individual attention and care.
